PROFESSIONAL EXPERIENCE

Senior Software Developer | Cybage Software, Pune

Apr 2024 – Present

- **Chase – Travel & Hospitality (Airroom Project):** Work as a Next.js Developer, developing and maintaining frontend features and supporting end-to-end project delivery within the Chase ecosystem.
- Managed release documentation and coordinated formal release activities, ensuring smooth and reliable deployments across teams.
- Set up and migrated CI/CD switch pipelines during an environment migration, then transitioned to the Airroom project after successful completion.
- Led a team to deliver high-quality software solutions on time and mentored junior developers, fostering a culture of continuous learning.
- Improved application performance by 30% through targeted optimization techniques and collaborated with cross-functional teams to align project goals.

Front End Developer | Publicis Groupe (Remote)

Jul 2023 – Jan 2024

- Analyzed competing websites for content, look, and feel to inform design and UX improvements.
- Designed, coded, tested, and debugged frontend features as a productive member of an Agile team.
- Contributed to solutions for educational institutions and online classroom management platforms.

Software Developer | Value Coders, Gurgaon

Feb 2020 – Jun 2023

- Built user interfaces and experiences for websites and web applications across internal and external projects.
- Translated client requirements into application designs and system requirements with attention to quality and detail.
